Welcome to  
Grade 3  
2023 - 24

Dear Parent/Guardian,

I am excited to begin the school year with a new class of students and their families. I am also looking forward to a year of learning, fun, and adventure with your child.

Communication between home and school will include Agendas, Email, Newsletters, Notes, Report Cards, Parent-Teacher, Telephone, and School Website.

Students will be assessed in a variety of ways to demonstrate their understanding, including Conversations, Observations, Checklists, Small Group Instruction, Reading and Written Responses.

## Curriculum Integration

Science, Health, Art and Social Studies outcomes will be integrated into the English Language Arts and Math Concepts throughout the school year.

## Integrated Subject Themes and Outcomes

### Social Studies

Students will examine the rights and responsibilities of citizens.

Students will learn about the location of Nova Scotia in Atlantic Canada.

Students will examine various groups including Acadians, African Nova Scotians, Gaels, and Mi' kmaq,

### Science

Students will learn to construct a structure in response to a design challenge.

Students will conduct explorations about invisible forces, using magnet indicators.

Students will investigate soils and plants in the environment.

2023 - 24

### Integrated Language Arts

In our Balanced Literacy Plan the three areas of focus are:

#### 1. Speaking and Listening

Students will interact using effective oral language skills.

#### 2. Reading and Viewing

Students will select, interpret, and personally respond to a range of diverse texts.

#### 3. Writing and Representing

Students will use writing and other forms of representing to reflect on their thoughts, feelings, experiences and learnings.

### Mathematics

Our Mathematics Program is separated into five areas of focus:

1. Number Sense
2. Patterns and Relations
3. Measurement
4. Geometry
5. Statistics and Probability

## Integrated Subject Themes and Outcomes

### Health

Students will investigate decisions that affect physical, social, mental, and emotional health.

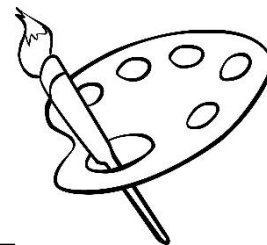

Students will examine ways to manage difficulties in friendships.

Students will learn ways to seek help in unsafe risk scenarios.

### Visual Arts

Students will use a range of materials and processes to create a variety of artworks that express personal feelings, ideas, and understandings.

Students will examine a broad range of cultural artworks, including historical art of diverse cultures (Acadians, African Nova Scotians, Gaels, Mi'kmaq).
